COACH MENTORING ASSESSMENT EXPERTISE

Do you want to:

- ▶ branch out into executive coaching
- ▶ improve your coaching skills
- ▶ understand yourself and how you interact with clients better
- ▶ learn how to use and leverage assessments in coaching
- ▶ find out about a proven, establishing coaching process to use with your clients

Contact me to arrange a complimentary, no obligation call with me or one of my colleagues, to explore your needs further. After all, coaches need a coach too!

You will glean the experience I have gained through over ten years of coaching experience and having served on the faculty of three accredited coaching schools. I am now a faculty member of Adler International Learning - one of the leading coaching schools in the world.

Coach mentoring is a complete, customized package that includes coaching, assessments, assessment training and certification, and client services.
